## ***ANTI-GRAFFITI BRIGADE "GRAFFITI WARRIORS" GO HIGH-TECH SATURDAY MARCH 28***

In his never ending fight to combat graffiti, New Castle County Councilman Bob Weiner has scheduled a demonstration for a new anti-graffiti "weapon" to help in the Citizens Anti-Graffiti Brigade fight against graffiti. The new weapon, the "Farrow System" may soon be added to the brigade arsenal to fight this battle. The Farrow System® is a revolutionary, environmentally safe, and cost effective surface cleaning method that quickly removes protective coatings, oxidation, and graffiti from surfaces without damaging them.

After seeing the "Graffiti Wars" story in a local newspaper, John Skross, Vice President, Farrow System USA, Inc. contacted the office of Councilman Weiner. He advised that his company manufactures a low pressure, environmentally friendly, chemical free, coating removal system, called the Farrow System ([www.farrowssystem.com](http://www.farrowssystem.com)) One of the applications is graffiti removal which will remove paint off of natural wood, trees, brick, stone without damage to the surface underneath.

***"I would be willing to donate an older machine to your cause, complete with training and support. This product would be useful on the surfaces that you can't paint over, like the bridge in the valley, telephone poles, and trees I see getting hit more and more. They tag this stuff because they know you can't get it off, I can!"*** Mr. Skross stated.

Councilman Weiner has scheduled a formal presentation of the Farrow System to the Citizens Anti-Graffiti Brigades combined with a demonstration of this equipment for Saturday, March 28<sup>th</sup> at 2:00pm at the DelDOT Talley Yard Maintenance facility. The demonstration will counter attack the graffiti which is visible from Interstate 95 and which was featured in the News Journal 2/15/09 article by Terri Sanginiti.

*For more info contact Councilman Bob Weiner at 302-547-9876. For added information about the Farrow System visit [www.farrowssystem.com](http://www.farrowssystem.com) or contact John Skross at 610-431-1672.*
